

MOUNT
HARTMAN
BAY
Estate

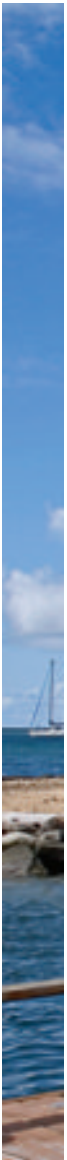

“At the world’s top retreats,
all that matters is perfection.”

Welcome to Mount Hartman Bay Estate, Grenada. We are blessed with the perfect setting, and so we strive to match this with our service. In paradise, nothing is too much trouble.

Exclusivity is a given.

There are gorgeous suites, a 4-bedroom beach house, and the tiny island itself is just 21 miles by 12. All that matters is here for you at Mount Hartman Bay Estate, Grenada.

Each of our eight suites enjoys wonderful views over the bay and the Mount Hartman nature reserve, a large, private bathroom, plus sumptuous beds, linen, furnishing and facilities.

Slumber in paradise.

Fall asleep to the gentle sound of the sea and the nature reserve. Wake up to the prospect of another day in paradise.

The experience, as you first dip your body into the inviting water of the infinity pool, as you feel the warm Caribbean wind and survey the turquoise sea beyond, will stay with you forever.

Reality check out.

Inspired by the sheer beauty of the location, Mount Hartman Bay Estate blends into and enhances the landscape. Check in, and leave reality behind for a while.

We grow passion fruit, coconuts, water melons, papaya, mangoes, golden apple, limes, callaloo, dasheen, almonds and many other fruits and vegetables on the Estate.

Is your mouth watering yet?

With these ingredients and an extra dash of magic from our experienced kitchen team, you'll spend a holiday of permanent temptation. But you know what they say – the only way to rid yourself of temptation is to give in to it. We look forward to seeing you soon.

Give in to temptation.
